FOREWORD TO THE COMPENDIUM OF THE INTERNATIONAL SCIENTIFIC FORUM “DANUBE - RIVER OF COOPERATION” – 2019.

~~~~~

The central event in the activities of ISF"DRC" in 2019 was the jubilee, 30<sup>th</sup> International Scientific Conference "Danube - River of Cooperation". As in previous years, the traditional round table "Sustainable use of natural and cultural-historical resources" was held, too.

Both conferences were very successful, with considerable number of works presented, and with rich documentation. **Working together, 16 researchers from eight foreign countries and 47 from Serbia, foreign and domestic university professors, doctors and masters of science, independent researchers, as well as students - all from different fields of science - shared their and acquired new knowledge. About all this detailed information can be found on this digital disc, in its corresponding parts numbered Roman numerals I, II, and III.**

This electronic publication contains slideshow presentations given at both conferences, as well as abstracts. The documentation also contains the final documents of both conferences, and photographs. The entire articles of those participants who responded to submit their texts within a certain period - are published in the first part entitled "Selected Articles".

All authors, who have work published in this collection, whether it is as presentation, or as abstract, or as whole article – can share their work / works under the bibliographic data of this digital optical disk:

**ISBN 978-86-82825-20-3.**

**Thanks again to all co-organizers, participants and volunteers for their cooperation.**

Belgrade, 18.11.2019

Dr. Edita Stojić Karanović  
Research Professor  
Founder-President  
of the ISF"DRC"

*Note: Even all conferences of the International Scientific Forum “Danube – River of Cooperation” are international gatherings with publications about them in English, concerning the aim of sharing knowledge some conference materials as well publications of the ISF”DRC” are published also in Serbian language. So, let me give this Preface also in Serbian:*

ПРЕДГОВОР ЗБОРНИКУ МАТЕРИЈАЛА СА КОНФЕРЕНЦИЈА  
МЕЂУНАРОДНОГ НАУЧНОГ ФОРУМА „ДУНАВ – РЕКА САРАДЊЕ“ У  
ТОКУ 2019. ГОДИНЕ

Централни догађај у активностима МНФ „ДРС“ у 2019. години била је јубиларна, 30, међународна научна конференција „Дунав – река сарадње“. Као и ранијих година, одржан је и традиционални округли сто „Одрживо коришћење при-родних и културно-историјских ресурса“.

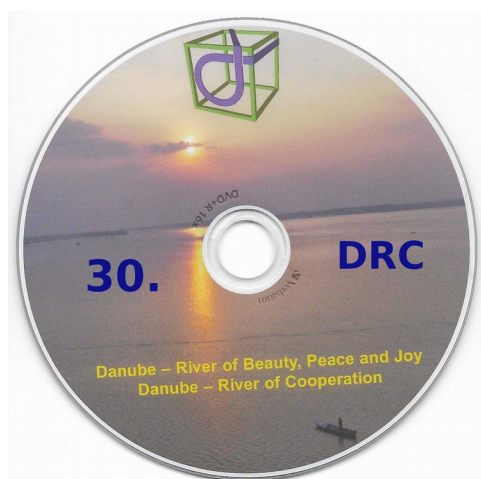

Обе конференције су биле веома успешне, о чему сведочи значајан број презентира-них радова, и богата документација. **На овим међународним конференцијама, радећи заједно, 16 истраживача из осам страних земаља и 52 из Србије, страни и домаћи професори универзитета, доктори и магистри наука, независни истраживачи, као и студенти – сви из различитих области науке – делили су своја и усвајали нова знања. О свему томе детаљне информације се налазе на овом дигиталном диску, у његовим одговарајућим деловима означеним под римским бројевима I, II, i III.**

У овом електронском зборнику, су презентације дате на обе конференције, као и апстракти. Документација садржи и завршне документе обе конференције, и фотографије. А чланци у целини оних учесника који су се одазвали да у одређеном року предају своје текстове, објављују се у првом делу под називом „Одабрани чланци“. Сви аутори, који имају рад објављен у овом зборнику, било да се ради о презентацији, изводу или чланку, могу да наведу свој рад/радове са библиографским подацима овог дигиталног оптичког диска: ISBN 978-86-82825-20-3.

Још једном велико хвала на сарадњи свим суорганизаторима, учесницима и волонтерима.

Београд, 18.11.2019.
